

How to Check Your Membership Status and Change Member information

Go to www.nasn.org

On the Home page log in by clicking LOGIN:

On the LOGIN page: Under User Log - In enter your NASN ID Member Number in the box labeled User Name and your Last name starting with an uppercase letter in Password:

User Name:

#####

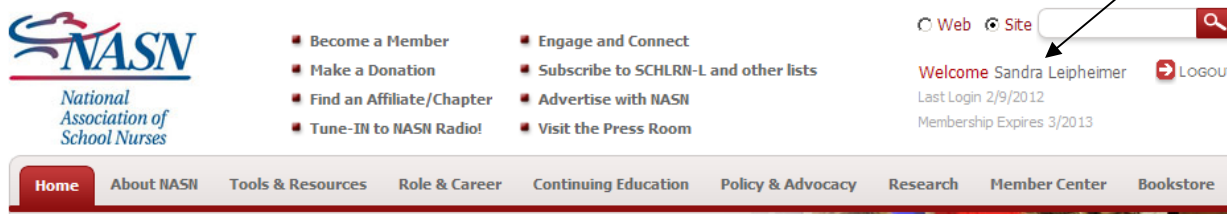

Password:

Yourlastname

Click login and the Home Page will re-load showing your Name: **Welcome** First Last

Last login DATE

Membership Expires Date

Click on **Member Center** tab to go to Member Only Links, Renew Your Dues, Reinstate Membership, Manage Your Member Profile...

If you click on Manage Your Member Profile you can change some of the information on file with NASN/OSHNA. For example, if you move and need to change your mailing address or if you want to change the official e-mail address that is used by NASN and OSHNA- you can update that here. NASN recommends using your home e-mail address but remember that all electronic information will be sent to that address only- including what is sent out by OSHNA. OSHNA's database is obtained from the NASN data only. We do not have independent member records.
